

# Gippsland Growers' Forum

## @ Lindenow

- 📍 **RIPPA (Robot for Intelligent Perception and Precision Application) in action**  
- Justin Clarke (Technical Officer)

*Developed by the University of Sydney's internationally-recognised Australian Centre for Field Robotics to reduce inputs like labour and fertiliser, and improve marketable yield*

### Networking break & afternoon tea

- 📍 **Precision Agriculture – Julie O'Halloran (Senior Development Horticulturist)**

*Crop sensing imagery, groundtruthing, soil mapping and yield mapping – AgTech for vegetable growers*

- 📍 **HiveXchange: Australia's Online Fresh Produce Market**  
– Antonio Palanca (CEO)

*Australia's digital wholesale marketplace – growers use it to sell direct to buyers nationally & overseas*

- 📍 **Gippsland Regional Agrifood Employment Programme – Julie Tuhi (Manager)**

*Latest update on the programme's real-time results for employers, and job seeker case studies*

**Friday 27 April 2018**

**1:00 – 5:00pm**

**Lindenow Pub**

**FREE** tickets from [trybooking.com/368876](http://trybooking.com/368876)
