Solutions for Manual Handling

You are invited to a Growers' Workshop

1 pm, Wednesday 22 Feb 2012
EE Muir & Sons

879 Duncans Road, Werribee South

Andrew Sullivan, from the Victorian Farm Safety Centre at Ballarat University, has just completed a Manual Handling Project with the Vegetable Industry.

The project was funded by WorkSafe and supported by an industry reference group including representatives from VGA Victoria.

Growers are invited to attend a workshop to discuss the development of simple, practical solutions to a wide range of common manual handling issues associated with planting, harvesting and packing operations on the farm.

A short discussion covering the latest developments in fertilizers, will also be presented by EE Muir & Sons.

At the close of the workshop, a barbecue and beverages will be provided.

IS MANUAL HANDLING COSTING YOU?

THERE ARE SIMPLE AND PRACTICAL SOLUTIONS THAT WILL

- REDUCE INJURIES
- DECREASE FATIGUE
- INCREASE EFFICIENCY AND PRODUCTIVITY
